

I am writing on behalf of XM Radio. I am a subscriber and have been since October, 2003. I am asking you to reject the NAB's petition 04-160. They have no legitimate reason to ask for these limitations except to line their own pockets with more money. They are losing customers because of XM's success. If they are feeling the pressure, they should improve thir own product rather than trying to limit the competition with government sanctions. FM radio has gotten complacent because the consumer didn't have any other options. Now we do. Don't take them away from us. thank you for your time. I am,  
Sincerely yours,  
Kellah F. Webster
